COMPLIANCE:

It is expected that each employee:

- Abides by current laws and organizational policies and procedures designed and implemented to promote an environment which is free of sexual harassment and other forms of illegal discriminatory behavior in the work place.
- Cooperates with, participates in and supports the adherence to all internal policies, procedures and practices in support of risk management and overall safety and soundness and the Bank's compliance with all regulatory requirements.
- Complies with established operating policies and procedures in order to maintain adequate controls and to support the Bank's adherence to outside regulatory requirements.

It is understood that complying with all applicable safety and soundness and consumer compliance laws and regulations, taking the annually required consumer compliance courses, and adhering to the policies and procedures that facilitate compliance will all be factors considered when evaluating individual performance. Individual performance is rewarded in annual salary adjustments.

Bank compliance with laws and regulations is a factor considered in the calculation of incentive compensation. The ratings that the Bank receives from its regulators and its auditors are factored into the annual incentive compensation calculation. Your adherence to these laws and regulations and the policies and procedures that support them directly affect the Bank's compliance. Annual incentive compensation rewards team performance. An employee will not be eligible for incentive compensation unless he/she takes the consumer compliance courses required of all employees and all the required consumer compliance courses for his/her job description or job responsibilities by the end of each calendar year. All required consumer compliance courses for the applicable year will be outlined in the Compliance Management Program posted on the intranet.
